Ram Farms are Peony specialists
With a large assortment of Peony varieties.
Ram Developed a detailed protocol for Peony growing

The grower is Ram Ehud – 20 years
peony grower in the Gloan Hights

Ram also has orchards of:
Apples, Peaches, Nectarine, Pears and
apricots

On the clock Daily during the season
with significant quantities

Two major Growing Locations

Low elevation 400 meter
above sea level for very early
flowering

High elevation 700 meter
above sea level
for better quality

Yearly testing – So far tested over 80 different peony varieties

Top Quality

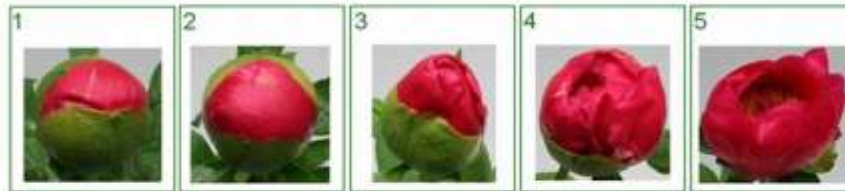

- Sorting is done in the Netherlands by professionals.
- Sorting by degree of opening.

Sorting is done in 5 stages of opening
