Woody Ornamentals From The Southern Hemisphere And Greens

Grower : Itzik Selwyn

Grevillea is the leading crop with 7 Hectares.

A dream comes true – Family farm in the Sharon

- The Selwyns started their farm in the 80s.
- Left England and the commercial world following their dream of a farm in the Holy Land.
- Established a Carnation growing farm.
- Itzik grew up in a flower farm, Then became an Horticulture professional by trade.
