Shimoni's Anemones

Shimoni's Anemones

Shimoni's Anemones

The Shimonies are Anemone specialists

For about 20 years the farm has supplied quality Anemones to the European Market

4 million Anemone flowers are the expected yield this coming year.

Family farm – 3rd generation

- Situated in the Valley of Ella Where the battle between David and Goliath took place

Top of the line facility

- Top of the line sorting machine that sorts flowers using camera.
- The camera sorts by:
 - Flower Diameter.
 - Flower weight.
 - Flower length.

Anemones are grown on local soil under shade

Flowers are cut and brought into a refrigerated room.

Packing and shipping are done daily

Anemones are grown by color

Shimoni's Farm grows
the full color range

20% Red

20% Blue

20% Pink

20% Pastel

10% Bordeaux

10% White

Red Anemone

- **Red Meron And Gallil Hybrids**
Anemone corms are renewed annually from Yodfat nursery.

Gallil Bordeaux

Hand Pollinated,
corms are renewed annually
from Yodfat Nursery

Gallil and Carmel white

Are grown under shade to improve quality

Blue Jerusalem and Gallil

Blue Jerusalem flowers early.

Blue Gallil will maintain quality throughout the season.

The work force is made up of locals and Thais.

Our Future Is Better.....

- Better quality.
- Better facility
- Fast response to market requests
- Larger quantity
